

LACOMBE

When you go to a dealer's store to hear a Phonograph be sure you hear an Edison Phonograph

If you do not hear an Edison you do not hear a phonograph. There is only one Edison and only one Phonograph bearing his name. The Edison Phonograph is Mr. Edison's own personal achievement. He invented it and he perfected it. He is responsible for its clear, lifelike musical Records—the Blue Amberol, unbreakable, playing four minutes and lasting a lifetime. He has produced the indestructible diamond reproducing point, that never needs changing. He has recently perfected this new cabinet model—a thing of beauty in itself and a marvel of musical perfection.

Hear this new model. Hear the new Blue Amberol Records, embracing everything worth while in the field of songs and instrumental music.

JOHN REERE IMPLEMENTS

Triple Gang with Horse-Lift

You Can Do 33 1/3 Per Cent More Work

Think of a man turning his efficiency 33 1/3 per cent. Think of actually doing 33 1/3 per cent more work in a day than formerly. Think of doing all this extra work simply by adding another horse to your team. That is exactly what can be done with a John Reere Triple Gang. But that is not all. The work will be easier for both the man and the horse. In three days, when it is difficult to get into a field, you can do 33 1/3 per cent more work practically without increasing the expense.

GAINS 16, 24 TO 28 INCHES EVERY ROUND

The John Reere Triple Gang is made in two sizes, three 15-inch or three 16-inch plows, consequently, cuts either 16 or 24 inches. Considerable time is saved in turning a strip of ground a year or more wide—a strip from 24 to 36 inches every round over a two foot wide furrow of corn and so on.

Full information for the reader.

Lacombe District News

Rocky Mountain House News

The Brazeau Collieries, Ltd., are shipping out about ten cars of coal daily, and this quantity will be increasing right along.

W. Symonds is loading a car of fence posts for John Morton, of Lacombe. This is an industry capable of much development here.

Messrs. Fulkerton & Ernst left by Tuesday's train for Nordegg, where they are opening a restaurant. The members of this firm are made of the right material and we have no doubt their new venture will fully measure up to their expectations.

In a very short time the Northern Construction Company will station five extra train crews at Rocky Mountain House in order to get the coal out from the mines. Two steam shovels and a large force of men will be at work to the west of us in the course of the next few days ballasting and putting the track in shape between here and the mines.

From all reports the Brazeau line, when completed, will be the best piece of road of the C.N.R. system in this province.

WHY HE WAS LATE.
"What made you so late?"
"I met Smithson."

"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs." For sale by City Pharmacy. (1)

Clive News

E. Crego still suffers from the fall he received some two weeks ago, but it is reported to us that he is improving.

J. Grose held an auction sale of his effects on Wednesday. Owing to the storm and cold weather it was not altogether successful.

Mr. and Mrs. S. A. Gill, of Delburne, are visiting friends in town this week. Mr. Gill has been under the doctor's care for the past two months, and we are glad to see him about again.

Mr. Ensey, representative of the Ever-Ready Chemical Fire Engine Co., of Brandon, Man., was in town on Tuesday. While in town he interviewed the council and invited its members to a demonstration of his engine at Alix the latter part of the week.

Last week Messrs. Fulkerton & Ernst turned over their hardware business to Mr. J. Castle, a well-known resident of our district. Mr. Castle will carry a full stock of general hardware, and we join in wishing him every success in his new business.

Quite a number of the old-timers are returning. We notice Mr. and Mrs. Glanville are visitors of Mrs. J. Grose.

Mr. Glanville left here a few years ago for the Coast, where he has been residing. He is surprised to see such a large improvement in this place.

Frank Sumpter, who has been away on a visit to the Old Country, has just returned, bringing his sister, who we are glad to welcome. But we are surprised that Frank did not bring some one else's sister while he was among them.

We understand that Mr. Fred Perry has purchased an Overland car. This will be an improvement in the livery business.

You will find a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by City Pharmacy. (2)

Sargent News

Mr. and Mrs. Vanderzyl and family were visitors at the home of Mrs. A. Hecht on Sunday.

Sunday last was a very interesting day at the Sunday school, as it was the day appointed for the election of officers for the coming year.

A basket social will be held on April 3rd and the proceeds will be held as a reserve fund in connection with the Sunday school. We should like to extend a cordial invitation to all our friends and neighbors to attend.

Miss Elsie Maurer is suffering from an attack of mumps which she brought from Lacombe.

Ponoka News

C. A. Farnham was out at his homestead, west of Lavista, the other day. He had a rather peculiar experience. Leaving his buggy standing in the open, he reported that the rabbits ate several spokes out of the wheels.

Rabbits are there by the thousands and are desperately hungry. Mr. and Mrs. F. C. Case and family, who have been living in Spokane for the past few years, returned to Ponoka the other day. Mr. Case has brought a car of settlers' effects, and intends moving out to the farm in the Scott district, being thoroughly convinced that farming pays. Mr. and Mrs. Case will be welcome back to our midst by their many friends.

A very interesting game of football was played on the asylum grounds on Saturday between Magic and Asylum teams. Fine plays were witnessed by the spectators. Throughout the game was evenly played, the ball passing from goal to goal several times. Close on half time the home team made a sport and forced a corner, which proved disastrous to Magic. Adams took the corner kick, placing the ball nicely in front of the Magic goal, and after some exciting play, Draper found the net for the home team. Result, half time, Asylum 1, Magic 0. In the commencement of the second half Magic pressed very hard, but the defence of the home team proved equal to the occasion. The game ended in favor of the Asylum team.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silke, 20 Dowling street, Sydney, Australia. This remedy is for sale by City Pharmacy. (4)

Tees News

Harry Williams had the misfortune to accidentally shoot one of Mr. Ballad's fine calves on Saturday.

Geo. Henriksen left for Edmonton Thursday.

Mrs. C. D. Hall and children are visiting at Alix a few days.

Born to Mr. and Mrs. W. Wallace on Sunday, April 5th.

Miss Ross, our teacher, is spending a few days in Calgary.

Rev. Leslie, of Alix, is taking charge of the services here for a time.

Born, to Mr. and Mrs. Jas. Thomas, on March 16th, a daughter.

H. Bellhouse returned last week to his work in Southern Alberta. Mrs. Lytle has been sick for the past few days.

John Hartig, one of the C.P.R. employees, spent last Thursday night in Red Deer, attending the union meeting.

M. A. Wake left for his farm near Mirror on Monday.

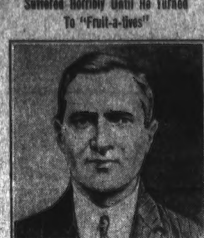

Some of our young people attended the play in Mirror on Monday night and report a good time.

Skinner's Innocence

James D. Skinner, a one-time well-known resident of Lacombe, at present editor and proprietor of the Rocky Mountain House Guide, comes out this week with an article headed "Conservative Corruption," and cites the instance of a forest ranger who was refused a job unless he could secure the recommendation of the Conservative Executive at Rocky Mountain House. James makes a whole column of hot air over this affair, and appears to be greatly surprised that it is considered necessary to secure the recommendation of any patronage committee or executive before securing a government position. Now, if James was running the Christian Guardian, or had lived all his life in a founding asylum, we

RAIN NEARLY DROVE HIM MAD

Suffered Horribly Until He Turned To "Fruit-a-Lives"

J. A. CORRIVEAU

DRYSDALE, Ont., June 10th, 1913. "I am a general storekeeper at the above address, and on account of the great good I have experienced from using 'Fruit-a-Lives', I recommend them strongly to my customers. They were a great boon to me, I can tell you, for about two years ago, I was laid up in bed with vomiting and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors said it would turn to inflammation of the brain but I took 'Fruit-a-Lives' steadily until I was cured. I have gained fifteen pounds since taking 'Fruit-a-Lives' and I verily believe they saved me from a disastrous illness."

J. A. CORRIVEAU.
For Headaches, Neuralgia, Rheumatism and other diseases arising from an impure condition of the blood. "Fruit-a-Lives" is invaluable and infallible. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-Lives Limited, Ottawa.

would consider that he really was shocked at this action of the Dominion Government's chief fire ranger. But Jim has lived a whole lot of his life amid the roughest kind of political corruption, and anything he does not know about the inside workings of his party is not worth knowing. And we are not right, James? And James still knows that at this stage of the game, the people of the country cannot be carried away by any bluff article such as the one we refer to. Every citizen of Alberta knows that to secure a government job under the able administration of Premier Sifton, it is necessary to first renounce the Conservative party; then get a stand in with some local politician with a private party, then secure the recommendation of the local "real members; and then, if you have proved to be a good hot-air artist, your application is placed before the "Patronage Committee." Once your application gets past the patronage committee your job is assured. James also knows that every little job, from that of Commissioner for taking Affidavits, to Seller of Game Licenses must all go through this same tortuous process. The powers that be consider that this is a good way to make converts to their party. And in some cases they do make converts—James, for instance. No, James will not be scared up something else if he wants to create a sensation. James is a hypocrite—politically. We hate to say so, but it is nevertheless true. He knows as well, and better, than most people, how political patronage is distributed. He knows that employees of the Alberta Government, not only have to have the recommendation of the local executive and patronage committee, but that they are compelled to contribute to the party exchequer, deal with party business men, and are sure of their jobs only when they conform to this unwritten law. James knows this—he has been there.

So what's the use, James?

McLEAN-LYTLE.

Rev. A. H. Leslie, of Alix, tied the knot on Tuesday which made Elizabeth Elaine McLean, of Calgary, and Robert Henry Lytle, of Strathcona, one.

The ceremony was performed at the manse in the afternoon, and the following morning the happy couple left for Strathcona, where the groom is a student fitting for the Presbyterian church.

Hog Waters are now in; get one before they all go.—Morrison & Johnston, Ltd.

Oyster Shell Grit and Flax Meal in any quantity at W. L. Elliott's. (M4-tf)

Col. Stewart's sale on Saturday was fairly successful, and had it not been for the great amount of bidding which proved satisfactory to all. Once a crowd gets onto the fact that owners are plugging it, it is all with a sale. This was not the auctioneer's fault, however.

The Great Granville, musical artist, magician and entertainer, will appear at the Comet tonight and tomorrow night. He is a comedian, musician and entertainer, in Alberta and should be well worth hearing. Popular prices.

The first W.C.T.U. gold medal contest in "Oratory" is being prepared, and will be given at an early date in April. In this competition five silver medalists will compete. The competition is looked forward to with more than usual interest.

The Bentley Dramatic Society drew a good crowd for their presentation of "What Happened to Jones" at the Comet last Thursday evening. As was anticipated, the entertainment was greatly enjoyed by all, and this aggregation will receive a hearty welcome should they decide to again visit Lacombe.

While the night-watch was at the other end of his beat, some sneak thief stole a suit of clothing from E. McLeod's store on Saturday night. The thief took the suit from the show window through a small hole in the glass. That he got away with it shows that he was an expert, as the corner was brilliantly lighted at the time.

O. H. Walker had the misfortune on Thursday night last to lose his valuable driving mare from inflammation. "Rose" was well known by many in town and was considered to be one of the best drivers in this district, and Mr. Walker feels that her place will be very hard to fill.

On the evening of March 23rd, a shout proclaimed the unannounced arrival of about fifty friends and neighbors at the home of David Hill. The evening was spent with cards and dancing. At the time of the arrival, Mrs. Hill was in the bath, and was served from the well-filled basket brought by the ladies. Everybody reports an enjoyable time.

A good crowd attended the "White Slave" lecture at Mrs. Somerville in the Comet on Monday evening. Mrs. Somerville is not apt to create a furor on the lecture platform, and handled her subject in a most amiable manner. Part of her message might well be taken to heart by the parents of Lacombe, however.

"Keep an eye on your boys and girls."

A very exciting game of hockey was played last Saturday night in the Lacombe rink between Lacombe and a picked team from Edmonton, consisting of two from the Edmonton team, three from the Penitents, and the rest Y.M.C.A. men. It was very fast and exciting, and the game was won by Edmonton by one goal, score being 6-5. Lacombe showed their old style and staying power, and gave their opponents a merry chase.

The debate on "Woman Suffrage" that was held in the club room of the Woman's Institute in Lacombe last Saturday night was very well attended, and the arguments on both sides were good and ably given by such noted speakers as Mr. Eadie, Mr. F. Butcher, Dr. Weaver and others. The result was a win for the negative side, and the judges had great difficulty in deciding, as both sides put up some very strong arguments.

The subject of the sermon at Grace Methodist Church next Sunday morning will be "Reverence." In the evening the pastor will preach on "The Great Rejection."

The marriage of Percy William Walter to Emily May Ray, both of Tees, took place at the Methodist parsonage, Lacombe, on Friday last, Rev. Mr. Scragg officiating.

Some beautiful Ladies' Watches, extra quality gold, 14k filled, solid gold trimmings, warranted by the factory and ourselves fine timekeepers.—Bulger, Jeweler, Lacombe.

The Rex is drawing full houses every night, and a good show is being put on. The Rex orchestra is a splendid aggregation of musicians, and their selections alone are well worth all it costs to see the show.

During the hockey match on Saturday night, Mr. Hyslop had a mistake to break two bones in his foot, and will be laid up for some weeks. Guy Danner also sports a badly cut face.

Imagine J. D. Skinner holding up his hands in holy horror at the thought of a man wishing a government position having to secure the recommendation of the local executive committee of the party in power. It is to laugh.

Messrs. Vickers & Kriese now have everything in shape to do business in the new lumber yard on Glass street. They are putting in a full line of building material, and would like a chance to figure on your order. Both gentlemen are well known in Lacombe, and will be pleased to meet their friends.

G. E. White recently shipped from Lacombe by express to O. L. Larsen, of Inwood, Man., the yearling Holstein bull, Korndyke Pietje, Palestine, De Kol No. 17267. The dam of this bull, Pietje de Kol 13360, recently completed a three-year-old record, not yet reported, of 10,167 pounds of milk, 401.25 pounds of butter in eleven months; R.O.P. No. 442. The sire of this young bull is from Mr. White's great stock cow, Palestine Star, and the richly bred bull, Korndyke Heugensold Wayne.

See the new Intaglio Engraved Cut Glass at Bulger's.

Those wishing to buy meat by quarters or sides, can get it from us at reasonable prices.—A. Gil-mour. (N19-tf)

Anniversary services will be held in the Methodist Church, Clive, next Sunday, April 5th. Dr. Riddell, of Alberta College, will preach at 3.30 p.m. and 8 p.m. There will be special music by the choir. On Monday evening, in the church, an old-time supper will be served from 6 to 8 p.m., in real old Pleasant Valley style, and a concert of local talent will follow in the Pioneer Hall. Everybody welcome to our birthday celebrations.

GIRL WANTED
Girl wanted for general housework. Apply to Mrs. Halpin, Lacombe.

HOSPITAL MEETING.
The annual meeting of the Lacombe General Hospital will be held in the Town Hall, Lacombe, on Wednesday, April 8, 1914, at 3 o'clock in the afternoon.

JESSE FRASER, Secretary.

ANGELICAN CHURCH.
Lacombe District, Sunday, April 5th (Easter Sunday)—Holy Communion, Lacombe, 8 a.m.; Holy Communion, Blackfalds, 11 a.m.; Evening Service, Lacombe, 7 o'clock. Special sermon subject, "Death." This will be the last of the series on "The Words from the Cross."

DEATH OF W. LAMB.
We regret to announce the death of Mr. William Lamb, which took place at his home, near Tees, on Sunday, March 22.

Mr. Lamb came to this district about eight years ago and engaged in farming. He leaves a wife and two children. The deceased was highly respected by all his friends and neighbors.

The funeral took place at Tees on Tuesday.

LACOMBE FOOTBALL CLUB.
An enthusiastic meeting of the supporters of football was held at St. Cyprian's M.C. Institute on Thursday, March 26th, at 8 p.m. At the meeting it was decided to enter the Central Alberta Amateur League. All players and non-players are cordially invited to join, and so help to make this season a thorough success.

Mr. R. Hutcheon, care Messrs. Campbell's Stores, will be glad to receive the names of intending members.

St. Cyprian's Church

SALE OF WORK.
A sale of work and entertainment will be held in Bentley shortly, with the special object of clearing the balance of the cost of the organ. The W.A. has been busy for some time making preparations for it, and we look for a successful affair.

PONOKA CHURCH.
We expect a visit from the Bishop of Edmonton shortly, when the church will be dedicated. A Confirmation will be held. The W.A. is furnishing cocoa matting for the aisle from funds raised by them. It will be a great improvement to the Church.

BLACKFALDS.
That entertainment has not taken place yet, but still we hope for something soon. The insurance on the Church must be raised without delay. It is so long since we made an effort of the kind that we feel sure of the support of the community.

Women's Institute
The social evening at which a debate on the subject, "Resolved that the franchise should be given to women," given by the Women's Institute in their club rooms Saturday evening last, proved an exceedingly pleasant and successful event in every way. There was a good attendance from the different communities surrounding Lacombe, and the evening was thoroughly enjoyed by all. The judges of the debate were (Dr.) Simpson, Mrs. Scragg and Mr. Hutton. Their decision was in favor of the negative, but the debaters of both sides were congratulated for the creditable manner in which all acquitted themselves.

The chair was ably filled by Mr. T. F. Roberts, Dr. Weiger and Col. Gregory, in short addresses, also contributed much to the evening's entertainment. Lunch was served at the close by the social committee. Proceeds, \$16.00.

Anyone wishing to contribute to the maintenance of the Rest Room may do so by making use of the self-registering bank, which occupies a conspicuous place in Mr. Urquhart's store on the right.

The regular monthly meeting of the Women's Institute will be held Saturday afternoon, March 11th, commencing at 2.30 o'clock. Program as follows:

Customs of April Fool's Day—Mrs. E. M. Kent.
Housekeeping Made Easy—Mrs. Scherrer.

What we know of the Country North of us—Mrs. Bulger.
Current Events—Mrs. Knap.

Marriage of Miss Kennedy

We have just received the following account of the wedding of Miss Helen Kennedy, one of Lacombe's most popular young ladies, which took place in London, Eng., a short time ago:

Mr. Howard Angus Kennedy, of the firm of Kennedy, McKim, and Co., of the Times staff in London for many years, and as the author of such standard books as "The Story of Canada," "New Canada and the New Canadians," and "The New World Fairy Book," and now the owner of a live-stock farm at Lacombe, left his Alberta home last month on a visit to the Old Country, accompanied by his daughter, Miss Helen Louise Kennedy. He is now on his way back alone. The chief object of his visit, in fact, was to be present at the young lady's wedding in London. Miss Kennedy, by the way, is a native Canadian, having been born in Montreal while her father was engaged in journalism there. The mother, who was unfortunately not strong enough for the voyage, is a southerner, belonging to a well known family in Tennessee.

Miss Kennedy was married on March 17 at All Saints' church, in Langham Place, Rupert street, by the rector, Prebendary F. S. Webster, who is a cousin of Lord Alverston, late lord high chief justice of England. The bride, who was given away by her father, was attended by a matron of honor, Mrs. Frances Greentree, wife of Mr. Charles Greentree, manager of the Bank of Ottawa at Renfrew, Ont.

The bridegroom, Mr. Lionel Newman Barrett, is an associate of the Royal Institute of British Architects, and practices his profession in London. He is the son of a well known artist, the late Mr. Jerry Barrett.

After the wedding a largely attended reception was held at 1 Queen Anne street, Cavendish Square, the residence of the bride's uncle, Sir Alex. B. W. Kennedy, K.C.S., the eminent engineer. The newly wedded couple, after a short honeymoon in France, have gone to live at Highgate, on the northern outskirts of London. Mr. Kennedy returned to Canada in the C.P.R. Empress of Ireland.

Scaled tenders, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 1st May, 1914, for the conveyance of His Majesty's Mails, on a proposed contract for four years, twice per week each way, between Bentley and Wittenburg, via Lockhart, from the 1st July next.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of Tender may be obtained at the Post Offices of Bentley, Wittenburg and Lockhart, and at the office of the Post Office Inspector.

Post Office Inspector's Office, Edmonton, 20th March, 1914.
A. W. CAIRNS,
(M26-3c) Post Office Inspector.

ULSTER

The present critical situation in Ulster shows better than anything else could show the danger of a weak and vacillating policy on the part of the government. Three years ago, when Sir Edward Carson first started his campaign of rebellion in Ulster, the Asquith Government had the reputation of being the most powerful in the past three years has put it in a real position that is untenable. Had the British Government suppressed the rebellious tendency in Ulster three years ago, the Irish trouble would be unheard of today. Having temporized for three years, however, Premier Asquith and his colleagues now have merely the alternatives of forcing a civil war with a disaffected army, or accepting Mr. Bonar Law's proposal of submitting the issue to a referendum. All but the hot-heads on both sides would favor this latter course, but the adoption of this latter course would probably mean that the Government would have to break a secret pledge to the Irish Nationalists, it is very questionable whether the referendum suggestion is practicable. All of which to use Kingdon's ungrammatical construction—conclusively proves the hopeless termination of a policy of temporizing weakness.

Arbordale News

A box social will be held next Friday night, April 3rd, at 8 o'clock, in Elmhurst school house. A good program is being prepared; everybody welcome.
Quite a number from this district attended the council meeting of L.I.D. No. 399 in Lacombe last Saturday. These meetings are interesting as well as instructive, and it is only right a good turnout of the ratepayers should attend.
The services in Fairview Presbyterian Church have been changed from the afternoon to the morning and services will be held as follows—Commencing Sunday, April 5th, Divine service at 10 o'clock, Sunday school at 11 o'clock.
The farmers of Iowa have decided to organize a branch of the U.F.A., and a meeting to discuss the matter was held last Tuesday with the result that the officers were elected and everything settled for their district. They hope other districts will do the same and that a branch of the U.F.A. will get together and organize as soon as possible. You will never regret it.
The regular monthly meeting of the Arbordale U.F.A. No. 454, will be held in the school house on Monday, April 6th, at 8 p.m. De Weiger will address the meeting on several matters of interest, and a good attendance is requested. Come everybody. Ladies specially invited.
ERNEST MADDEN, Sec.

Spring Valley News

J. Morter is making arrangements for the large amount of breaking he will have on hand this summer.

A. Rainforth has recently erected a new barn of modern structure and with up-to-date appliances.

Mr. Foot has recently taken up residence on the old Fluke place. There are still several desirable quarters untenanted in the district.

Fred Andrews, of Coronation, is a visitor in the district, and his musical performance in great demand.

Mitchell's sawing outfit has been busy this week in the district.

A surprise party visited J. Morter's on Thursday, notwithstanding the excessive severity of the weather, a comfortable little party gathered and indulged in dancing until the early hours. It is alarming to note the decline in the female population.

Drunkenness can be Cured—Alcura will do it

Alcura, the widely known treatment for Alcoholism, can now be obtained at our store. It is guaranteed to cure or benefit, or money refunded. Remedy that has been tried by thousands and found to do just as it claims.

Drunkenness is a disease. Those who are afflicted with the craving for liquor have to be helped to throw it off. Alcura No. 1 can be given secretly in coffee or food. Alcura No. 2 is the voluntary treatment.

Help your loved ones to restore themselves to lives of sobriety and usefulness and to regain the respect of the community in which you live.

Only \$1.00 per box. Ask for free booklet.
McDERMID DRUG CO., Lacombe, Alberta.

BLACKFALDS LITERARY SOCIETY.

This society, which has served a most useful purpose in providing excellent meetings every two weeks during the winter months, held its closing meeting for this season in the Public Hall on Friday night. A short musical program was rendered by the following artists—Piano solo, Mrs. Magee; recitation, Mr. Handy; song, Mrs. Davies; piano solo, Freda Attinger; dialogue, Beattie Sorenson and Emily Headmark; violin and guitar selections, Mrs. Matthias and Mr. Dunham; speech, Rev. Davies; selection, Male Voice Quartette. Several other artists were unfortunately prevented from being present.

The chairman, Mr. Dunham, called the meeting to order for business; when an excellent report was read by the secretary, treasurer, Miss Miller. The running expenses had been met by subscriptions from the gentlemen members, and the Society was enabled to close its session free from debt.

It was agreed to adjourn the meetings until the first Friday in November.

The Society is to be complimented on the all-round excellence of its meetings, which have been largely attended by the people of Blackfalds and neighbourhood. Amongst the public men who have shown great interest in the Society, mention should be made of Messrs. Roy Trout, A. Hill, E. E. Matthias, J. McMichael, R. Dunham, Rittenhouse, Rev. Green, Rev. Davies, and other gentlemen. A different committee of five persons were elected each month to take the responsibility of the meetings for that month, the chairman of each committee officiating at the public meetings. This arrangement worked splendidly.

The musical programs have been high class and provided a good opportunity for young and old to develop the art of entertaining others. The numerous debates were productive of much food for thought, and whilst often humorous, the serious side was not neglected. Several ladies and gentlemen will remember Blackfalds Literary Society as the first place in which they attempted to deliver a speech in public, an acquisition which will enable them to render valuable services in the future.

The children have also had their share in the programs and appeared to take as great delight as the older folk.

Refreshments and a social chat terminated the last meeting, and the universal feeling was that we had been brought into closer touch with each other as neighbors and friends through the agency of the Blackfalds Literary Society.

For coal oil that will not smoke the lamp chimneys, go to Nicholson & Switzer. (M4-tf)

Farm Lands for Sale

By Inglis & Cameron

160 ACRES, PRICE \$2,500

No. 226-160 acres of No. 1 soil, 6 miles from town, 14 miles from school, 47 acres cultivated, 50 acres poplar timber, balance open land; 2 good wells, all fenced, 14 storey frame house 16x18, frame granary 12x14, log stable with shingle roof, 16x22; log stable with shingle roof, 18x18; hen house 14x18, hog house and hog yard. This is a fine piece of land and a snap at the price quoted. Terms \$1,000 cash; balance to suit purchaser.

960 ACRES, PRICE \$30,000

No. 225-960 acres of good black loam soil, 17 miles west from Lacombe, 7 miles from Sylvan Lake, 3 miles from electric line, 400 acres under cultivation and 400 acres more of open land which can be easily broken, 160 acres of good timber, good wells and running creek of water; all fenced and cross-fenced with three wire and a goodly portion fenced hog tight; 5-room frame bungalow, 3-room frame house, frame granary 24x44, frame barn 50x54, frame barn 24x32, log house 8x32, implement sheds 12x100, poultry house, ice house, wood house, smoke house, store, corals, set of stock scales; there are also stock sheds to accommodate about 200 head of cattle. All of the above buildings are painted and in first-class condition. Terms, half cash, and balance arranged to suit. This property is without doubt one of the best stock ranches in the country.

PRICE \$30 PER ACRE

No. 83-640 acres of first-class land, 2 miles from Lacombe, 290 acres cultivated, 400 acres clear open land, splendid spring creek, all fenced and cross-fenced, new frame house, two-storey, 78x28, with addition 18x18; frame barn 16x32, frame hen house 12x18, with addition 12x30. This is a splendid proposition and well worth investigation. Terms, half cash; balance to suit.

320 ACRES, PRICE \$10,500

SUCCESS IN POTATO GROWING.

Good seed is the first essential in growing a profitable crop of potatoes. The seed for next season should be carefully selected from your own field if you have a good clean crop. Select the smoothest and most uniform tubers from heaviest yielding and healthiest plants in the field. These tubers will give you larger yields than those procured from the store at random. It pays to pay attention to this part of the potato business.

In case, however, you have not been able to obtain seed which you know to be free from the potato scab, it is advisable to use preventive measures from the start. The scab is a disease, infecting the tubers of the potato plant, and a single scabby seed potato or even one which is clean, but which has been in contact with a scabby one, may ruin a whole crop. The disease may perpetuate itself by remaining in the soil or it may be carried to new ground on a potato bearing the spores of the disease.

It is not practical to sterilize or disinfect the soil, but it is practical and possible to do so with the tuber, and if the clean or disinfected seed is planted on new ground the disease may be controlled. To disinfect the seed immerse them in mercuric bichloride (corrosive sublimate) for two or more hours, using one ounce of mercuric bichloride to eight gallons of water. Another effective method is to use formalin instead of the sublimate, one ounce of formalin to two gallons of water. This treatment of the seed, together with a judicious rotation of crops, is sufficient permanently to control this disease.

In cutting the seed, cut them to one or two eyes, leaving a large piece of tuber for the young sprouts to gain nourishment from until they are able to obtain some from the soil. If cut some time before planting, sprinkle a quantity of air-slacked lime over them.

Land which has been heavily manured the previous year is preferable for the potato crop. Commercial fertilizers have given excellent returns with the potato, but whether or not they can be used to advantage without the addition of some manure, depends on the texture and on the amount of humus contained in the soil. If your land has been previously well manured, so that it is light and friable, fertilizers alone will be best to use.

The following is a good formula for potatoes:—250 pounds of nitrate of soda, 350 pounds acid phosphate and 200 pounds of muriate of potash an acre.

The soil should be well prepared. Have the land in thorough shape before planting by constant discing and harrowing you pulverize the soil, thus increasing the amount of surface at the disposal of the roots. This means more food for them and hence a large crop.

In planting, the furrows are best opened with a double mould-board plow and the seed dropped about 14 inches apart in the furrow. They may be covered with the same implement to a depth of four or five inches, leveling off afterwards with a smoothing harrow. If the ground would harden before the sprouts show, run a weeder over it to break the crust.

As soon as the plants are a few inches high start cultivation,

cultivating deep and wide at first, taking care subsequently not to injure the roots.

CABBAGE AND CAULIFLOWER

The preparation of the soil is vital, although by it understood that cabbage, like corn, will grow in almost any kind of soil, but not to the perfection they will on good soil. Clay loam is the most suitable. In the event of your soil being of a clay nature, endeavor to get some sand to incorporate with the clay, or if of a sandy nature try to get a load or two of heavier soil. In any case it is essential that you have some well decayed manure to dig in. Dig the soil the full depth of your fork or spade and turn in as much as three inches of manure if possible, because it improves the texture of the soil, while the fertilizers do not. It also is invaluable for supplying the necessary humus.

In the event of your being unable to procure manure, use one pound of nitrate of soda to every 400 square feet of soil. Throw this on broadcast, raking it in before setting out the plants. Set your plants out about two feet apart each way so as to give them a chance to get lots of air and enable you to use the hoe for cultivating until you are stopped by the cabbage touching one another. It is very necessary to continually cultivate, especially in dry weather.

The greatest drawback to cabbage growing is the many different insects which invariably attack the plant at different times. The principal ones are three in number, and include the cutworm, the cabbage maggot and the green caterpillar. The first two attack the plants in their infancy, gnawing both at the roots. The first gnaws the stem right through and the second eats all the fibrous roots, causing the plant to wilt and die. Last of all comes the green caterpillar, and just at a time when the heads are fully formed and you think that you are going to have a good crop.

One or all of the following remedies, while harmless in themselves, are sure death to the three pests mentioned—A dusting of lime (air slacked) mixed with equal parts of powdered sulphur, put on with an old pepper box about three or four times during the season will do the trick. Scatter it on and around the plant. Another good remedy is a half-pound of pyrethrum powder mixed with two pounds of common flour, sprinkled on and around in a similar manner. These remedies are equally good for savoy and cauliflower.

Should you desire to grow some savoy, Drumhead is the best. The cauliflower is the most delicately appreciated of the whole cabbage family owing to its most delicate flavor. There is no reason why you cannot have as good cauliflower as cabbage. The secret, if it be a secret, of a most delicious and tender cauliflower is to keep it growing all the time by constant attention in the way of cultivating and watering in dry weather. The cauliflower is the most moisture-loving of the whole family.

To make it an ideal head, it must be properly blanched or bleached by tying or pegging the leaves up over the top to keep the sun's rays off. You will then have a beautiful snow white curd, even, uniform texture, and the absence of small green leaves

sprouting between the sections comprising the head.

Bentley News

Methodist service, Sunday, April 5th—Bentley, 7:30 p.m.; Rainy Creek, 11 a.m.; Gull Lake school house, 3 p.m. Subject, "The Cross; It's Cause."

The Epworth League will meet on Wednesday evening at 8 o'clock. Subject, "Am I my brother's keeper." Everybody welcome.

A Sunday school was organized at Gull Lake last Sunday, and judging from the enthusiasm shown it will be a thriving institution. But one thing is needed—the co-operation of all the parents in the district.

Cold weather here last week, but we all enjoyed it more or less, according to what we had to do.

Jabez McPherson and wife came in from their last Thursday for a short visit.

The third performance of "What Happened to Jones" was given in McPherson's Hall last Monday, and was again greeted with a crowded house. A dance was held afterwards.

Mr. Millar's sale on Saturday was well attended and everything sold well.

There will be a dance at the McPherson Hall next Saturday evening. Everybody welcome.

The B.A.D.'s presented their play at the Comet Theatre, Lacombe last Thursday, and were very pleased with the success that they met with.

There will be a sale held by Jabez McPherson on his home-stand on the 8th of April.

J. W. Grant spent the week-end at his home. Bill walked back to Bentley. He is developing into a champion pedestrian.

Council met, all being present, with J. S. Sharp in the chair.

Minutes of previous meeting read, and it was moved by Foren, seconded by Storey, that they be accepted as read. Carried.

Moved by Miller, seconded by Southward, that the offer of a C. P. R. of \$50 for damages done by fire between Secs. 310-39-27-4, be accepted. Carried.

Moved by Edie, seconded by Foren, that the weed correspond-ence be tabled. Carried.

Moved by Southward, seconded by Storey, that the Lacombe Town Council be asked to come through with the guarantee asked for in regard to fixing the ditch between Secs. 24-25-41-27-4, guarantee to be in by April 1st 1914. Carried.

Moved by Storey, seconded by Miller, that the Chairman be instructed to appoint a committee of two councillors to inspect the road between Secs. 5-6-7-8-41-27-4, also road diversion in S.W. 1-27-4-27-4. Carried.

Moved by Edie, seconded by Miller, that the Secretary be instructed to forward a copy of above resolution to Department of Public Works. Carried.

Moved by Edie, seconded by Southward, that the following accounts be passed and Treasurer

instructed to pay the same:

Thomas Trunsgard.....\$60.00
Western Municipal News Co 3.86
E. W. Magee.....3.90

Carried.
Moved by Edie, seconded by Foren, that Labor Pay Sheet No. 2, of Division No. 6, be passed, the Chairman authorized to sign and Treasurer instructed to pay the same, amount \$5.00. Carried.

Moved by Edie, seconded by Foren, that each councillor shall be appointed to act as a committee to look after the work in his own division. Carried.

Moved by Foren, seconded by Southward, that the several road committees be empowered to hire the teams of residents of the district to work on the roads of the several divisions in which their lands are situated, if the committee and foreman are satisfied that the teams of the residents are fit to do good work. Carried.

Moved by Miller, seconded by Southward, that the meeting be adjourned to May 23rd, 1914. JAS. SHARP, Chairman. E. WALTER SIMPSON, Sec. Treas. L.I.D. No. 399. Lacombe, March 28th.

Rimbey News

A. E. Connelly and family, of Olney, Ill., arrived last week with a carload of settler's effects and will reside on Mr. Symonds' place until they can erect buildings on the N.E. quarter of 5-42-2, which Mr. Connelly purchased last fall.

Mr. Cumberland, of Wittenburg, was a business caller at Rimbey last Monday.

Mrs. Adams is convalescing. Mrs. Langmuir's condition remains about the same.

Glenn Childs is very sick and is under the care of Dr. Baker, of Bentley.

Mr. and Mrs. Chas. Hopper and Mr. and Mrs. Gillson, Mrs. Hopper's parents, have taken up their residence on Chas. Johnson's farm, five miles southwest of Rimbey. Mr. Hopper has been a resident here before, and at present owns a homestead west of Rimbey, but the past three or four years have been spent in England, where he was married, and later in B. C., from which place they came here.

The members and friends of the English church met on the 25th inst. at the home of Mrs. Wilton to bid farewell to the Rev. T. Mitten, who is leaving the parish on account of his health.

After a very pleasing tea supplied by the members of the W. A., Mr. K. Wates read an address and Mr. F. Symonds presented a paper which had been subscribed to by the congregation of Bentley and Rimbey. Mr. Irwin, in speech, voiced the sentiments of all when he said he was sorry to see Mr. Mitten go, and hoped that he would soon be restored to health. Owing to ill-health, Rev. Mitten is giving up the ministry, and with his family is leaving the first of the month for Ontario, where he expects to engage in outdoor employment of some kind, which he hoped will prove beneficial to his health. Mr. and Mrs. Mitten took up their residence here last July, and during their stay have made many friends, who regret of their forced departure.

There was a large congregation at the English church on Sunday when Mr. Mitten preached a farewell sermon, which was appreciated by all who heard it.

Why should it be so hard to apply to Lochinvar to ascertain the reputation of a teacher who may or may not be a moral degenerate or otherwise disqualified for the profession? Should not his certificate be revoked so that he can not be employed elsewhere? Surely this is one branch of our government that needs a Weed Inspector in order that our children may be surrounded with a healthy moral atmosphere and that they may be taught both by precept and example that which will make them the best of the best use of their opportunities on life's journey. This is one of the industries where the price is by no means any indication of the quality.

The entertainment given by the Girls' Mutual Benefit Club last Friday night was pronounced by everyone present as splendid. The first selection was an instrumental duet by the Misses Tegarts, followed by a chorus sung by the members of the club, dressed in white and gold, the club colors.

The Fabulous "Book of Ages," acted by three beautiful young ladies, sung by Mrs. Lindahl, accompanied by Mr. Wates on the violin, was simply divine. The drill also was splendid. Then the comedy, "Not a Man in the House," in which play Mrs. Lindahl, as "Kate the Servant," was the star character, brought down the house and was greeted with rounds of laughter and applause.

The chorus "We're all No. 1," rendered by all the members of the club, brought to a close a most delightful evening. The club is progressing fine under the leadership of Mrs. Lindahl, and they greatly appreciate the assistance rendered by the full house.

The Rev. and Mrs. T. Mitten wish to convey their heartfelt thanks to the friends and parishioners in Bentley and Rimbey for their kind presence of a well-filled pocketbook on the occasion of their departure from the parish. Mr. Mitten deeply regrets that owing to his health he has been compelled to resign his charge, but trusts if it be God's will he may be once more strong enough to come back and work amongst those whose welfare and lives will never be forgotten. His earnest prayer is that God may richly bless and prosper you one and all, and if it be His will that we meet no more in this world, may we meet on that better shore where all suffering and care have ended and where there shall be no more parting.

Your sincere friends,
REV AND MRS. T. MITTEN

DECLINE SUBSTITUTES
ACADEMY NOTES

Pastor C. A. Burman and Prof. J. I. Beardsley are spending a few days in Castor on business.

Accompanied by the Preceptor, the young ladies of East Hall visited West Hall one afternoon of last week.

Charles Scissons and wife, Bert Bradley, Jonathan E. and Paulina Jeger, are leaving the school on account of the spring work. We regret to see them leave, but trust they may be with us again next year.

The members of the Hydrotherapy classes, who have been studying some of the simple and effective methods of treating disease by the use of water, have finished their work and are taking their examinations.

Sunday evening a number of students from the Academy conducted a preaching service in the Milton school house. A good crowd was present, and all were interested, the subject being "The Eastern Question and What it Means to us." These meetings will be continued, be Sunday night.

As we entered upon the second quarter of this year, new Sabbath school officers were elected as follows:—In the senior division, Superintendent, S. M. Ryan; Assistant, Miss Robina Adams; Sec. Treas., Nellie Shankel; Assistant, Miss Phyllis Sargent; Choister, A. C. Harder; Organist, Miss Hattie Beardsley. In the Primary Division, Superintendent, Hazel Knutson; Sec. Treas., Maytha Huetker.

The Missionary Volunteer Society has also elected new officers as follows:—Leader, J. K. Fish; First Assistant, Bertha Gilbank; Second Assistant, Robert Kittos; Sec. Treas., Blanche Hippach; Assistant, Anna Neudorf; Choister, Carl Wilson; Organist, Ruth Wallace.

The Academy herd of stock has been increased by the addition of five head of cattle bought off Mr. Addison.

The Senior Class of the Academy has organized and is making preparations for the Class Day program.

Mr. Olaf Skau spent last week visiting friends near Killam.

Lawrence and Hennie Mabley have returned to their home near Vermilion. Their sister, Della, will remain in school till the close of the year, making her home with Mrs. Mamie McClaffin.

Adolph Bernhard, who has been making his home with his sister, Mrs. U. Wisner, is moving into the Dormitory for the remainder of the year. Mrs. Wisner and little son left yesterday for Calgary, where she will visit friends on her way to their new home in Regina.

Prof. J. L. Beane is spending a few days in Didsbury on business.

FOUR YEAR SENTENCE FOR LABOR ORGANIZER

Joe Angelo, an Italian, international organizer for the United Mine Workers, was sentenced last week at Vancouver to four years' imprisonment for his part in the leadership of the Nanaimo riots last August. He had been found guilty of six counts of unlawful assembly, riotous destruction of property, etc.

Seventy-five other cases were disposed of at the closing of the supreme assizes which has been sitting for two and a half months at a cost of not less than fifteen hundred dollars per day. Out of the 75 about 45 were allowed out on suspended sentence.

Sentences in forty other cases where the accused pleaded guilty were handed down in January. The maximum terms imposed was two years.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by City Pharmacy. (5)

CARD OF THANKS.

Mrs. Wm. Lamb and family wish to thank the people of Tees and her neighbors for their sympathy and help during the illness and after the death of her beloved husband.

Shiloh
The family remedy for Coughs and Colds. It will cure you. It is the only one.

Let me figure on your lumber bill. All the time you want on good Notes. Buy your lumber and haul it now, and pay for it next summer.

What clothing is to man, paint is to property.
Unprotected houses and barns, wagons and machinery cannot resist exposure to sun, wind, frost and rain. Rust and decay cost more than paint and varnish—that's why the use of Good Paint is wise economy.

SHERWIN-WILLIAMS
PAINTS & VARNISHES

Around the Farm

Sherwin-Williams Paint (Prepared) SWP for the farmhouse. Covers most, looks best, wears longest. Ask for a color card—8 is attractive shade.

S-W Barn Red—a rich durable red that spreads easily and covers well over rough lumber.

S-W Wagon and Implement Paint—protects the wood and metal of wagons, farm machinery and implements and tools from rust and decay. For Buggies use S-W Buggy Paint.

S-W Metallic for windmills, metal roofs, and all metal surfaces. Prevents costly rust.

S-W Buggy Paint. Nine beautiful colors, for porch furniture, boats, flower-pots, swings, garden implements, etc.

Inside the Home

JUDICIAL SALE OF FARM

Pursuant to a Judgment and Final Order for Sale, there will be sold by Public Auction, with the approval of a Judge of the Supreme Court of Alberta, by Joseph Marshall, Esq., opposite the Merchants' Bank of Canada, in the Village of Rimbey, Alberta, on Saturday, the 11th day of April, 1914, at 2 p.m., the following property, namely:—All and singular the South-east Quarter of Section Number Thirty-Six (36), Township Number Forty-Two (42), Range One (1), West of the Fifth Meridian, in the Province of Alberta, containing one hundred and sixty (160) acres, more or less. Land broken, 55 acres; additional 45 acres ready for breaking; the remainder is wooded. The soil is black loam, with a subsoil of clay. The land is all fenced. The buildings on the land consist of frame dwelling house, 16x24; two barns, 16x24 each, and a granary 12x16. All buildings in good condition. There is a good well.

The property is 18 miles from Ponoka, 1 mile from Glen Hewitt Post Office, and 24 miles from Rose school house.

The property is offered for sale subject to a reserved bid which has been fixed by a Judge of the Supreme Court.

Terms of payment are—Ten per cent. of the purchase price to be paid to the Vendor's Solicitor at the time of sale, and the balance thereof to be paid into Court to the credit of this action within sixty days of the said sale without interest. In all other particulars the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta.

Further particulars can be obtained from Edwin H. Jones, of the Town of Lacombe, Alberta, the Vendor's Solicitor.

Dated this 23rd day of March, 1914.

(M15-3c)

BY-LAW

BY-LAW RESPECTING SUPPLYING THE MUNICIPALITY OF THE TOWN OF LACOMBE WITH NATURAL GAS

Whereas the Lacombe Brick, Tile and Cement Company, Limited, with head office at the town of Lacombe, in the Province of Alberta, hereinafter called "the Company," have applied to the Municipality of the Town of Lacombe for the full power, right, and liberty of laying gas pipes under or along the streets of the said Municipality, of taking up, relaying, repairing, connecting, disconnecting and maintaining the said gas pipes, subject to the terms, conditions and provisions hereinafter contained and subject to any rights and privileges that may at any time heretofore have been legally granted by the said Municipality to any other person or persons or Corporation.

And whereas the said Company has applied to the said Municipality for the full power, right and liberty, subject to the terms, conditions and provisions hereinafter contained, to force natural gas through the said pipes, and whereas, subject to the approval of the Burgesses of the said Municipality, it has been deemed advisable to grant the request of the said Company, subject to the rights and privileges hereinafter contained, and on the distinct agreement that the fulfillment of the said terms, conditions and provisions hereinafter contained, shall, in all cases be considered precedent to the continued enjoyment of the rights and privileges of the Company under this By-law:

Now, therefore, the Municipal Council of the Town of Lacombe enacts as follows:

1. That wherever the word "Council" occurs in this By-law it shall be held to mean the Council of the said Municipality from time to time within the meaning of the Town Act, being Chapter 2 of the Statutes of Alberta, 1912, and any amendments thereto.

That wherever the word "Engineer" occurs in this By-law it shall be held to mean the Engineer of the Municipality or other proper official appointed by the said Municipality for the purpose of carrying out the terms and provisions of this By-law subject to the approval of the Council.

That wherever the word "Street" occurs in this By-law, it shall be held to mean any street, avenue or lane shown as such on the plans of the Municipality registered in the Land Titles Office of the North Alberta Land Registration District.

2. The Municipality hereby grants to the Company, its successors and assigns, subject to the terms, conditions and provisions hereinafter contained, and subject to any rights and privileges that may at any time heretofore have been legally granted by the said Municipality to any other person, persons or Corporation, the full power, right, license and authority to open up, dig trenches and lay main and branch gas pipes, or along the streets of the said Municipality as at present constituted or hereafter extended, and to make all necessary connections between the system of mains, pipes or other works here constructed, and to pump or otherwise force natural gas through the said pipes, provided that the plans showing the proposed location of the said main and branch gas pipe lines and building connections as aforesaid, shall first be submitted to and approved of by the Council for that purpose, which said approval shall not be unreasonably withheld, and such right of approval shall not be exercised in any event entirely to prevent the laying of any pipe lines proposed by the Company.

3. That the said Company shall forthwith, and in any event within twelve months after the date upon which this By-law receives the approval of the Burgesses of the Municipality, as by-law provided, commence operations for the purpose of boring or drilling for natural gas, and they shall prosecute the said boring or, drilling operations with reasonable diligence and continuity from the date of commencement thereof, until they have reached a depth of at least, seventeen hundred (1,700) feet, unless before the said depth of seventeen hundred (1,700) feet is reached natural gas is found in sufficient quantities to supply the requirements and demands of the Municipality for heat and power purposes; and the said work of boring or drilling to a depth of seventeen hundred (1,700) feet, or until gas is found as herebefore provided, shall be completed within one year from the date of the commencement of drilling operations as provided in this paragraph.

Provided that in the event of the said Company having been unable to obtain the necessary pipe of the size required for the

purpose of carrying on the said boring operations within the period of twelve months, then upon the said Company producing evidence to the satisfaction of the said Council, of the impossibility of procuring the said pipe within the said period, the Council may, in its discretion, make reasonable efforts to secure the same, the said Council shall extend the said period of twelve months allowed for commencement of the said work, for such further period as the said Council may deem necessary to enable the said Company to secure the said pipe.

4. That before any of the works hereby authorized are undertaken or commenced by the said Company within the said Municipality, plans showing the character and extent thereof shall be furnished to the Council and approved thereby, and the time and manner of the carrying out thereof shall at all times be under the supervision and control of the said Engineer or such other person appointed by the Council for supervising said work.

5. That the said Company shall, so far as reasonably can be, and if so directed by the Council, lay its gas pipe lines along the lanes of the Municipality.

6. The exclusive powers, rights, liberties and franchises hereby granted shall come into force and effect forthwith upon the date of the passing of this By-law, and shall continue until the said Company has commenced drilling, or boring as provided in Paragraph 3 hereof, and thereafter so long as the said Company shall continue to prosecute the boring or drilling operations, with reasonable diligence and continuity until the expiration of the said period of one year from the date hereof, as provided in said Paragraph 3, and in the event of the said Company having within the said period, of one year, obtained natural gas in sufficient quantities to supply the requirements and demands of the said Municipality from time to time and with a sufficient number of right owners, measured by the Burgess Multiple, at all points within the said Municipality, so supplied with gas, during the continuance of the said exclusive franchise for heat and power purposes, then the said exclusive rights, liberties and franchises hereby granted shall be held, used and enjoyed, subject to the terms hereof, by the Company until the expiration of ten (10) years from the date of the passing of this By-law.

That wherever the word "Street" occurs in this By-law, it shall be held to mean any street, avenue or lane shown as such on the plans of the Municipality registered in the Land Titles Office of the North Alberta Land Registration District.

2. The Municipality hereby grants to the Company, its successors and assigns, subject to the terms, conditions and provisions hereinafter contained, and subject to any rights and privileges that may at any time heretofore have been legally granted by the said Municipality to any other person, persons or Corporation, the full power, right, license and authority to open up, dig trenches and lay main and branch gas pipes, or along the streets of the said Municipality as at present constituted or hereafter extended, and to make all necessary connections between the system of mains, pipes or other works here constructed, and to pump or otherwise force natural gas through the said pipes, provided that the plans showing the proposed location of the said main and branch gas pipe lines and building connections as aforesaid, shall first be submitted to and approved of by the Council for that purpose, which said approval shall not be unreasonably withheld, and such right of approval shall not be exercised in any event entirely to prevent the laying of any pipe lines proposed by the Company.

3. That the said Company shall forthwith, and in any event within twelve months after the date upon which this By-law receives the approval of the Burgesses of the Municipality, as by-law provided, commence operations for the purpose of boring or drilling for natural gas, and they shall prosecute the said boring or, drilling operations with reasonable diligence and continuity from the date of commencement thereof, until they have reached a depth of at least, seventeen hundred (1,700) feet, unless before the said depth of seventeen hundred (1,700) feet is reached natural gas is found in sufficient quantities to supply the requirements and demands of the Municipality for heat and power purposes; and the said work of boring or drilling to a depth of seventeen hundred (1,700) feet, or until gas is found as herebefore provided, shall be completed within one year from the date of the commencement of drilling operations as provided in this paragraph.

Provided that in the event of the said Company having been unable to obtain the necessary pipe of the size required for the

purpose of carrying on the said boring operations within the period of twelve months, then upon the said Company producing evidence to the satisfaction of the said Council, of the impossibility of procuring the said pipe within the said period, the Council may, in its discretion, make reasonable efforts to secure the same, the said Council shall extend the said period of twelve months allowed for commencement of the said work, for such further period as the said Council may deem necessary to enable the said Company to secure the said pipe.

4. That before any of the works hereby authorized are undertaken or commenced by the said Company within the said Municipality, plans showing the character and extent thereof shall be furnished to the Council and approved thereby, and the time and manner of the carrying out thereof shall at all times be under the supervision and control of the said Engineer or such other person appointed by the Council for supervising said work.

5. That the said Company shall, so far as reasonably can be, and if so directed by the Council, lay its gas pipe lines along the lanes of the Municipality.

6. The exclusive powers, rights, liberties and franchises hereby granted shall come into force and effect forthwith upon the date of the passing of this By-law, and shall continue until the said Company has commenced drilling, or boring as provided in Paragraph 3 hereof, and thereafter so long as the said Company shall continue to prosecute the boring or drilling operations, with reasonable diligence and continuity until the expiration of the said period of one year from the date hereof, as provided in said Paragraph 3, and in the event of the said Company having within the said period, of one year, obtained natural gas in sufficient quantities to supply the requirements and demands of the said Municipality from time to time and with a sufficient number of right owners, measured by the Burgess Multiple, at all points within the said Municipality, so supplied with gas, during the continuance of the said exclusive franchise for heat and power purposes, then the said exclusive rights, liberties and franchises hereby granted shall be held, used and enjoyed, subject to the terms hereof, by the Company until the expiration of ten (10) years from the date of the passing of this By-law.

That wherever the word "Street" occurs in this By-law, it shall be held to mean any street, avenue or lane shown as such on the plans of the Municipality registered in the Land Titles Office of the North Alberta Land Registration District.

2. The Municipality hereby grants to the Company, its successors and assigns, subject to the terms, conditions and provisions hereinafter contained, and subject to any rights and privileges that may at any time heretofore have been legally granted by the said Municipality to any other person, persons or Corporation, the full power, right, license and authority to open up, dig trenches and lay main and branch gas pipes, or along the streets of the said Municipality as at present constituted or hereafter extended, and to make all necessary connections between the system of mains, pipes or other works here constructed, and to pump or otherwise force natural gas through the said pipes, provided that the plans showing the proposed location of the said main and branch gas pipe lines and building connections as aforesaid, shall first be submitted to and approved of by the Council for that purpose, which said approval shall not be unreasonably withheld, and such right of approval shall not be exercised in any event entirely to prevent the laying of any pipe lines proposed by the Company.

3. That the said Company shall forthwith, and in any event within twelve months after the date upon which this By-law receives the approval of the Burgesses of the Municipality, as by-law provided, commence operations for the purpose of boring or drilling for natural gas, and they shall prosecute the said boring or, drilling operations with reasonable diligence and continuity from the date of commencement thereof, until they have reached a depth of at least, seventeen hundred (1,700) feet, unless before the said depth of seventeen hundred (1,700) feet is reached natural gas is found in sufficient quantities to supply the requirements and demands of the Municipality for heat and power purposes; and the said work of boring or drilling to a depth of seventeen hundred (1,700) feet, or until gas is found as herebefore provided, shall be completed within one year from the date of the commencement of drilling operations as provided in this paragraph.

Provided that in the event of the said Company having been unable to obtain the necessary pipe of the size required for the

purpose of carrying on the said boring operations within the period of twelve months, then upon the said Company producing evidence to the satisfaction of the said Council, of the impossibility of procuring the said pipe within the said period, the Council may, in its discretion, make reasonable efforts to secure the same, the said Council shall extend the said period of twelve months allowed for commencement of the said work, for such further period as the said Council may deem necessary to enable the said Company to secure the said pipe.

4. That before any of the works hereby authorized are undertaken or commenced by the said Company within the said Municipality, plans showing the character and extent thereof shall be furnished to the Council and approved thereby, and the time and manner of the carrying out thereof shall at all times be under the supervision and control of the said Engineer or such other person appointed by the Council for supervising said work.

5. That the said Company shall, so far as reasonably can be, and if so directed by the Council, lay its gas pipe lines along the lanes of the Municipality.

6. The exclusive powers, rights, liberties and franchises hereby granted shall come into force and effect forthwith upon the date of the passing of this By-law, and shall continue until the said Company has commenced drilling, or boring as provided in Paragraph 3 hereof, and thereafter so long as the said Company shall continue to prosecute the boring or drilling operations, with reasonable diligence and continuity until the expiration of the said period of one year from the date hereof, as provided in said Paragraph 3, and in the event of the said Company having within the said period, of one year, obtained natural gas in sufficient quantities to supply the requirements and demands of the said Municipality from time to time and with a sufficient number of right owners, measured by the Burgess Multiple, at all points within the said Municipality, so supplied with gas, during the continuance of the said exclusive franchise for heat and power purposes, then the said exclusive rights, liberties and franchises hereby granted shall be held, used and enjoyed, subject to the terms hereof, by the Company until the expiration of ten (10) years from the date of the passing of this By-law.

That wherever the word "Street" occurs in this By-law, it shall be held to mean any street, avenue or lane shown as such on the plans of the Municipality registered in the Land Titles Office of the North Alberta Land Registration District.

2. The Municipality hereby grants to the Company, its successors and assigns, subject to the terms, conditions and provisions hereinafter contained, and subject to any rights and privileges that may at any time heretofore have been legally granted by the said Municipality to any other person, persons or Corporation, the full power, right, license and authority to open up, dig trenches and lay main and branch gas pipes, or along the streets of the said Municipality as at present constituted or hereafter extended, and to make all necessary connections between the system of mains, pipes or other works here constructed, and to pump or otherwise force natural gas through the said pipes, provided that the plans showing the proposed location of the said main and branch gas pipe lines and building connections as aforesaid, shall first be submitted to and approved of by the Council for that purpose, which said approval shall not be unreasonably withheld, and such right of approval shall not be exercised in any event entirely to prevent the laying of any pipe lines proposed by the Company.

3. That the said Company shall forthwith, and in any event within twelve months after the date upon which this By-law receives the approval of the Burgesses of the Municipality, as by-law provided, commence operations for the purpose of boring or drilling for natural gas, and they shall prosecute the said boring or, drilling operations with reasonable diligence and continuity from the date of commencement thereof, until they have reached a depth of at least, seventeen hundred (1,700) feet, unless before the said depth of seventeen hundred (1,700) feet is reached natural gas is found in sufficient quantities to supply the requirements and demands of the Municipality for heat and power purposes; and the said work of boring or drilling to a depth of seventeen hundred (1,700) feet, or until gas is found as herebefore provided, shall be completed within one year from the date of the commencement of drilling operations as provided in this paragraph.

Provided that in the event of the said Company having been unable to obtain the necessary pipe of the size required for the

Thrilling Story of Fall of Gomez
Palacio and Victory of Villa

Gomez, Palacio, Mex., March 27.—Four days of fighting, including three separate assaults by rebels, were crowned today when General Francisco Villa moved into the city and established his headquarters on that side of the town looking toward Torreón.

Those who fell early in the assault were the first to receive assistance, but the small hospital corps, though working heroically, was absolutely inadequate to the situation.

At every railway station there were groups of wounded. In plain sight of the dying the dead were removed and the bodies dragged into shallow trenches. It will be necessary to incinerate many of the bodies of those who fell in the streets, as decomposition sets in rapidly here, and the necessity of fighting requires every available man. Gen. Villa is anxious that the bodies shall be disposed of quickly to avert a possible pestilence.

In the course of the battle there were instances of detachments, all of whose officers had been lost, running wildly about calling for new officers to lead them, or joining other commands which were not leaderless.

Other detachments, in the excitement of the fight, failed to hear, or deliberately disregarded orders to fall back, or seek some shelter observed by their calmer officers. They dashed unheedingly into barbed entanglements, or the enemy's trenches, and were mowed down in heaps by federal rapid fire guns.

Another incident of the engagement yesterday was the meeting of two armored trains at long range. One was on a siding and the other on the main track. They exchanged shots like two warships, but with little damage, and the federal train, which had the switch track, retired around a curve and was lost to sight.

Gen. Villa said today that his bat was off to Gen. Velasco for his defence of the town. The conduct of the federal was a credit to them as soldiers, Gen. Villa said, and Gen. Velasco had provided himself a man of resources as well as of courage.

Three of his generals, it was reported, gave their lives in defence of the town—Generals Pena, Revilla and Anaya. It was reported also that Gen. Ocaranza was wounded.

O. BOODE, Nanton St.

blood-matted hair pasted over their eyes.

There was more than patriotism to inspire the rebel assaults; for behind them lay the most cruel desert in Mexico, and ahead the possession of the enemy, food and shelter and the cooling streams of the irrigation ditches. The wounded in the outskirts of the city were the first to receive assistance, but the small hospital corps, though working heroically, was absolutely inadequate to the situation.

Build Concrete Barns and Barnyards

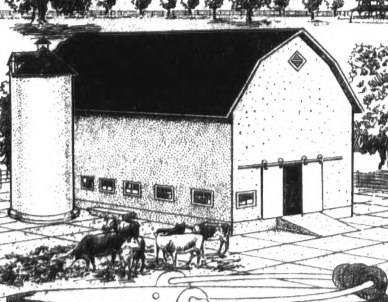

YOU will find that they are best at first and cheapest in the end.

Concrete buildings cannot burn and many dollars are saved in lower insurance rates. They need practically no repairs and never need painting.

Concrete barnyards make the best kind of a feeding-floor and save many dollars in feed bills, as your stock gets every particle that you feed to them.

Send for this free book "What the Farmer Can Do With Concrete." It shows just how to build your own concrete barn, feeding floor or any other building that you may need.

Brooksley News

One family last week thought they had solved the high cost of living problem. They happened to be out of butter and couldn't get any, so had to do without. All we have to do is to do without and expenses are less. It looks easy, but—

Mr. Brawner and John Morton were purchasers at Grose's sale. Grant Welton had what might have been a fatal accident a few days ago. The wheel of a car came loose from the spindle on the windmill. After turning the mill out of gear the wheel came off, grazing him in the face. He was laid up for two days with a bad wound on the head and a bruised shoulder.

The box social at Satinwood was well attended and a lengthy program well rendered. The 12 boxes and a few lunches brought \$47. Mr. Stanley auctioned them.

The lumber is selling so rapidly that the second shipment of lumber had to be ordered, and is due to arrive soon.

The first shipment of farm products sold by Mr. Stanley goes west this week. The car is made up of seed, oats, feed oats, and barley, hay and poultry. Mr. Stanley will be shipping two or more cars every month hereafter.

John Morton is busy hauling posts from this point.

D. Dunn is building a stable from lumber out of our lumber yard.

Feeders are asked for the new Brooksley route. It happens that a definite route has not yet been laid out, and there is no date set for closing of the tenders. The route should embrace this point.

We are sorry to hear the sad news of Mr. Crego's death as a result of an accident which took place a few days previously. He was painting his barn when the scaffold fell, causing him to fall 30 feet with the timber on top and only lived a few days.

Before coming to Jones Valley, the writer noticed that all who knew the place always spoke of it in glowing terms, and well they might. It isn't as large as the valley to the east of us, but just as good. It isn't as well settled as some, but it is no less valuable insofar as it is improved. People who have money to invest in land for speculative purposes do so where they know the land is good and other conditions favorable for successful farming.

Thus far Jones Valley, because of its latent worth, has been truly invested with investors. Section after section is lying open and wild because some speculator in Calgary, Edmonton, Winnipeg or Lacombe owns it. This speaks well for their faith in the country. The prices they ask is higher than improved land is selling for in many places. Those who have weathered the hardships and privations of pioneer life and are developing and improving their land are the people who raise the land values. Speculators have their land idle and wild and afterward sell at a profit which they in no wise have earned nor helped to earn. That so much of the Valley is thus owned causes the resident rate-payers to justly become indignant. If these speculators would have their land broke up and improve their holdings generally, we would have nothing to say on this. This would not only benefit the community but add to the profits of the speculator, if, indeed, he could then be called a speculator. To have dogs in the manger is undesirable. Fortunately, however, the entire Valley is not thus owned, and the prices asked by farmers are low. There are many excellent spots in Alberta, but when one is looking for fertility of soil, lay of land, absence of bush, and a place where grain will ripen, Jones Valley is not surpassed. This is the reason speculators are so prevalent.

Blackfalds News

Miss Lilian Bailey went to Lacombe Monday evening to visit friends for a short time. Mrs. Trimble, of Red Deer, was visiting Mrs. Shillington the first of the week. Mr. Carson went to Edmonton Thursday to spend a few days. Mr. Hall arrived Wednesday to personally conduct the sale at his store here.
